### Self-care plan:

### Family carer

Name	
mame:	

Caring for someone at home at the end of life is complicated and you may find it challenging. The intensity of the caring situation can be hard to deal with. You might find it hard to sleep, feel anxious or worried. Your friends may not visit as often. This can affect you and your family. Selfcare is what we do to maintain balance in our life.

A self-care plan based on what you like to do can help. Here we suggest a few things that you could try, but what you choose will depend on what suits you best.

Some examples

Have someone to help with the care so that you can get time for yourself

**Share** an online calendar with family and friends so that they know when you might need help or company

**Find** out about respite services in your area that can be accessed for a few hours or a few days Join a support or training group for carers

Attend training programs for carers

My activities:

#### Physical self-care: Activities that help you to stay fit and healthy

Some examples
